Product Concept

The Concept of dry bathrooms is very much prevalent in the western world. However, today it is fast becoming a norm in all parts of India. A Dry bathroom has many **advantages**. Mainly **hygiene, no slipping on a wet floor, safety for senior citizens & it reduces leakage**.

With a dry bathroom you can be more creative! you can put in beautiful bathroom vanities & cabinets without the fear of them getting spoilt by water.

How do you make a bathroom dry?

Simple.. Just separate out the shower (wet) area by putting a toughened glass partition or enclosure.

AK Danum brings you “Mizzle”... one of the **largest ranges in toughened glass shower enclosures & shower partitions** with Ready options and Customized solutions to fit any size of bathroom.

The product range confirms to various standards e.g.

- * **En12150 & Bs6206 (UK) for toughened glass**
- * **PN14428:2005(U) European Std. & ISO 9001:2000 for the complete product.**

(*) some ready option items

AK Danum gives a 5 year guarantee on Hardware.

Used Symbols

Thickness of the Glass

5 years: AK Danum offers a 5 year Warranty on the Hardware and sliding mechanism

Flexibility: offers width and or height flexibility

Water Repellent Nano Glass Coating

It is a Sealent for glass developed using Nano Technology. After treatment of Glass, it provides complete water and oily liquid repellent on Glass surface. Foreign matter such as Lime Scale, Algae, dust are prevented from adhering to the glass surface and forming a hardened layer.

The Nano coating is optional and will be done against order for an additional nominal charge. Keeping the glass clean and dry after use will ensure durability of the Nano Coating. We guarantee the coating for a period of 2 years under normal use conditions.

With NANO Coating

Without NANO Coating

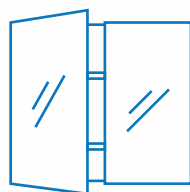

Coated

Uncoated
